SKILLS

- Languages: Golang, Java, C++, SQL, HTML, CSS
- Frameworks: Spring Boot, Gin, Beego ORM

TOOLS & CONCEPTS

- Cloud & Tools: AWS Lambda, Azure Blob, Redis, Git, Message Queues (Kafka, RabbitMQ), gRPC, GitHub Actions
- Concepts: REST APIs, Microservices, Authentication & Authorization, Agile,

AYUSH SHETTY

Software Engineer with 3 years of experience in Java, Golang and microservices development. Master's student at Fulda University, eager to contribute to innovative projects within the German tech landscape

PROFESSIONAL EXPERIENCE

2021 – 2024	Software-Engineer, Neo-SOFT Tech, Mumbai
	<ul style="list-style-type: none">• Optimized RESTful APIs using Golang & Java, reducing response time by 30% and enhancing scalability.• Refactored MySQL queries with Beego ORM, improving query execution time by 25%.• Deployed serverless applications on AWS Lambda, implementing monitoring with CloudWatch, reducing downtime by 40%.• Engineered secure JWT authentication middleware, strengthening authorization while logging threats in real-time.• Led Git-based version control, ensuring 100% CI/CD pipeline stability across a 5+ member team.

PROJECT

04/2024 – 07/2024	EDULY (Eduly facilitates a seamless connection between students and tutors, enabling students to find tutors based on specific criteria such as expertise, availability, and learning goals.)
	<ul style="list-style-type: none">• Designed and implemented APIs to streamline user interactions and content management.• Built scalable Spring Boot microservices, improving API efficiency and reducing load time by 40%.• Implemented Azure Blob Storage, reducing media retrieval latency by 30%

EDUCATION

03/2024	FULDA UNIVERSITY Masters in Global Software Development
2017 – 2021	MUMBAI UNIVERSITY Bachelor's in computer engineering
